**Medication Safety Series
Medication Reconciliation: Test, Implement, Educate and Train
Wednesday, June 21, 2017: 1:00 p.m. – 2:00 p.m.
Live Webinar**

Continuing Education Information

Speakers:

Toni Kettner, RN, MHA, NHA, WCC
Jody Rothe, RN, DON-CLTC

Target Audience:

This educational activity is designed for physicians, nurses, social workers, and any allied health professional with an interest in improving care related to the topic area is welcome to attend.

Purpose:

Participants will be able to examine approaches to reconciling medications, which in turn will improve patient safety and reduce adverse drug events. This outcome will be assessed by participant self-report of knowledge gained from the activity.

Objectives - following this educational series, participants will be better able to:

1. Describe the process and rationale for pilot testing the re-designed medication reconciliation process
2. Develop an implementation plan for roll-out of the re-designed process
3. Explain the benefits that multidisciplinary training will have on the success of the implementation of the medication reconciliation process
4. Describe the two most important concepts medication reconciliation training should focus on

Content Learning Needs:

To indicate your learning needs or specific questions for the speaker to address please e-mail continuing-ed@metastar.com.
